THE LISTENING POST

● At a large public gathering the other day, attended by quite a number of newspaper men and women, I met and talked with a most interesting couple. These two were from Sardis, Mississippi, where the man in question, Mr. Fletcher, is the owner of a weekly newspaper. Sardis is the town where a great flood protection dam has been built recently, and Mr. Fletcher told me that it was the largest earthen dam in the world. I dare say that he is correct in this statement, but I have seen some pretty large dams, and heard them, too, on several golf courses. This is a lousy pun but it will have to do until a better one comes along. In any event, this column must be filled up with words of one sort or another, and there is always a lot of trouble in getting the first paragraph written. After that is done I never care a great deal, and go right ahead, stringing words together until two eight by eleven pages are filled and there is the daily column. It's quite easy, after the first paragraph.

● But I am straying away from the subject, which was interesting people. The Fletchers are interesting, for the husband is an Englishman and the wife is a French girl. Just how they got together is one of the mysteries of life which I will always puzzle over, and one of the things a good reporter or a good columnist would have asked at the very beginning. Being neither, I am just letting the matter as one of the unsolved mysteries of life.

● The husband is a sort of saber, unsmiling man, and one would never notice his accent except that now and then he will use a word which is not in common use on this side of the Atlantic. There are times, too, when his pronunciation proves a bit different to ours, and he slurs certain words in a different way to mine. He has been in this country a long time and I imagine these things are not as common with him as at the beginning, for any person finally begins to talk and pronounce as others with whom he is in daily contact. But every now and then one will see a difference in the way this man Fletcher says a thing, and there is a softer twist many times. He is absolutely certain that England will win the war, and professes that he has no doubt. Admitting that it will be hard, he looks squarely in your eyes when he says that England can and must and will win.

● Mrs. Fletcher is a trim and attractive young lady in every way and would attract attention anywhere. But only when one talks to her and sees the animation of her face and hears the soft and charming accent that one recognizes another race. She speaks flawless language, and has no trouble with any words as far as I could ascertain, but in every word and every sentence that soft accent is always predominant. She gestures quite a bit as she talks and her eyes sparkle with animation as she talks of France. Now and then I thought I could discern an undertone of sadness, but she is just as confident of ultimate restoration of her nation as her husband is certain of British victory.

● She told of her father's home about fifty miles from Paris, and of his shoe store. Her family fled as the German tide rolled over France and has never returned to its home. From others, however, her father has learned that his home has not been damaged as yet, but learned also that his stock of shoes had been completely taken

Legion Would Have U. S. Give Allies All Aid

Advocates Permanent Military Training System In Nation

Boston. —The American Legion's national defense committee recommended today that the United States give "all practicable aid to Great Britain" and that a permanent military training system be established in this country.

Also approved by the committee were resolutions calling for an impregnable defense of the approaches of the Panama Canal and the elimination of the "mediocre and incompetent" from high places in the nation's fighting forces.

Milwaukee Selected
The action came shortly after the Legion selected Milwaukee as its 1941 convention city. Previously, the Legionnaires adopted a program which in effect declared "war" on all subversive activities and called for rigid control of all aliens.

The 22nd annual convention of the million-man veterans' group interrupted the swift shaping of its stand on issues growing out of the war abroad and the defense program at home only long enough to settle a spirited contest between Kansas City and Milwaukee by choosing the latter for the next conclave.

Both before and after this contest, however, the convention dealt with literally hundreds of resolutions.

The Legion first heard and then adopted an Americanism committee report which demanded the registration of all Bund and Communist party members, together with Congressional action to provide "rigid" of "subversive groups" would be barred from holding public office.

Ban Foreign Radio
Also adopted were recommendations calling for a ban on foreign language radio programs, the outlawing of all organizations bearing the names of foreign countries and the barring of mail to "un-American organizations."

State, County Payrolls Up
Washington. —The Census Bureau estimated today that the number of State, county and city government employees rose 1 per cent from January to April, while payrolls climbed 2 per cent.

The employees (except teachers and school workers) of all such Government units totaled about 2,100,000 at the end of April, the bureau said, and received wages and salaries of approximately \$200,000,000. The estimates were based on reports from more than 3,000 governmental units.

The bureau reported that increases in State and county jobs had been all but offset by declines in municipal employment.

More than half of all State employees were accounted for by highway maintenance and construction and operation of State hospitals. About one-fifth were occupied in general administrative, legislative and judicial service, charities, development and conservation of natural resources.

Hull Proposal To Keep War From Western Hemisphere Is Approved
Washington. —The Senate Foreign Relations Committee, told by Secretary of State Hull that European possessions in the Western Hemisphere must not become a battleground of the present war, unanimously recommended Tuesday that the Senate ratify the Treaty of Havana.

The treaty, encompassing an agreement between the United States and the twenty-one Latin American countries to co-operate in the temporary taking over of

Voluntary Enlistments May Almost Fill 1st Draft Quota

Washington. —Voluntary Army enlistment offers pouring into selective service headquarters today indicated that a sizeable part of the first compulsory service quota of 400,000 men might be filled without a draft.

Recalling that 435,000 men volunteered from April through August in 1917, selective service officials anticipated in the coming weeks a rush of men anxious to complete their year's training and be done with it.

Selective service officials pointed to the comparatively numerous inquiries already received at state offices, Army recruiting centers, newspaper offices, and headquarters here. In New York, for example, special military police had to be called out yesterday to handle a crowd of 700 young men seeking to enlist.

A typical inquiry came from a young Idaho lawyer who wanted to put his military service behind him in order that he might take up legal practice later without fear of being interrupted. He was advised that he, or any other man from 18

to 36, could volunteer to his local draft board and be accepted for service unless deferred.

The more enlistments in a given draft district, the smaller the number that will be taken from it by compulsory conscription.

Officers suggested that voluntary enlistment might be particularly attractive to young men of 18, 19 or 20 who want to finish their military service before starting a college course, or business career.

Speaking of volunteers of a non-military kind, Maj. Chauncey Parker, finance officer of the Army and Navy Selective Service Committee, said indications were that voluntary workers to operate the draft machinery also would be "plentiful."

Although \$24,800,000 has been requested from Congress for selective service expenses during the current fiscal year ending July 1, 1941, he said, only the clerks of some 6,500 local and a smaller number of appeal boards would be paid, and their salaries probably would be "very small."

Automobile development has been extremely rapid during the past year, and many new conveniences and refinements have been brought into being. The new model Ford car has many new features which make for economy, appearance and performance. The local agency feels sure that it offers the greatest opportunity to car buyers than at any other time.

Axis Chiefs Exchange Words As British War Is Believed Won

Rome. —An exchange of telegrams today between German Foreign Minister Joachim Von Ribbentrop and Foreign Minister Count Galeazzo Ciano asserted that Germany and Italy reached "complete agreement" on post-war plans to remake Europe and Africa in recent parleys here.

Beneath the formalities of the departing guest and the host were certain disclosures that their talks here went beyond winter war plans. Each wrote as if the war with Britain was as good as won.

Von Ribbentrop said, in part, "I am filled with great satisfaction from having been able, on the Fuehrer's orders, to discuss with Il Duce and you, in the present phase of the fight against England, im-

Bankers Told Insolvency Hurts U. S.

Atlantic City, N. J. —"Insolvency is the time bomb which can eventually destroy the American system," Robert M. Hanes, president of the American Bankers Association said Wednesday, charging that "The evangelists of the new social order are undermining the confidence of the American people in political and economic freedom."

Hanes, president of the Wachovia Bank and Trust Company, Winston-Salem, N. C., addressed the third session of the association's convention, where 4,000 bankers from all parts of the United States are in attendance.

Policy Appraisal Urged
Hanes said, "may well have within it the stern realities which will help the American people to appraise soberly some of the policies which we have been blindly following."

Asserting no country can achieve military defense unless it is economically prepared, Hanes said: "It is a matter of grave concern that we have come to accept deficit financing as a permanent fiscal policy. We not only proceed from year to year on an unbalanced Federal budget, but we have permitted the compounding of the Federal debt to a huge total which threatens the entire economy."

War Brings Ottawa Boom

Ottawa, —Canada's wartime capital has become a boom town jammed with new residents drawn here by war assignments or business interests stemming from the war.

As a result, many inhabitants have been boomed out of their homes by rising rentals, and feeling has risen against landlords accused of gouging.

Rents in some cases have jumped as much as 100 per cent, and even those willing to pay the higher prices are unable to find suitable quarters.

Government Takes Hand
Hapless house-hunters know their predicament cannot be taken too tragically at a time when millions overseas are sleeping in cellars. Nevertheless the situation has become so serious—not only in Ottawa, but in other administrative, war-training or war-production centers—that the Government has taken a hand in it, authorizing the War-time Prices and Trade Board to "provide safeguards" against unjustified boosting of rents.

Meanwhile, property owners are doing what they can to meet the feverish demand for shelter. Work is rushed on new houses and apartment-blocks, old buildings are being re-modeled or renovated, and long-neglected basements are being transformed into flats.

Conspect Status Under Hatch
Provisions Irksome To Senate
Washington. —Concern was manifested in Senate today as to whether the Hatch anti-politics act should be applied to the men selected for military service under the peacetime conscription law.

The question was raised by the Civil Service Commission ruling, that National Guardsmen, inducted into active service or still attending weekly drill, were bound by the statute which forbids those paid in whole or in part with Government funds discussing political candidates publicly or participating in a campaign.

Senator Gibson (R., Vt.) said he considered this ruling "dangerous" and voiced fear it would be extended to include conscription trainees.

The author of the law, Senator Hatch (D., N. M.), although professing little worry about the guard ruling, acknowledged he was troubled about the question of applying the statute to trainees.

Registration Supervisors Are Chosen

Governor Asks County Clerks To Take Charge

Frankfort, Ky. —Gov. Keen Johnson Wednesday notified county clerks in Kentucky they will be in charge of registration October 16 of all males between 21 and 36 for selective military service.

The Governor's letter instructed them to conduct registration in each precinct at the regular polling place, and to use election officers as registrars. At least three registrars, under the supervision of a chief registrar, must be on duty in each precinct. They are expected to serve without pay, and if additional registrars are needed, the county clerks were instructed to seek volunteers from civic clubs, the school system or the American Legion.

Election Scales Adopted
If it is impossible to secure quarters for the registration without charge, Governor Johnson wrote, such premises will be paid for at the rate charged for elections.

Registration cards, certificates and instruction placards are being mailed each county clerk this week, the Governor added. These supplies are being figured on the basis that one out of eight persons in Kentucky will be subject to registration.

Governor Johnson instructed the clerks to address all their correspondence to Selective Service Headquarters, Gibbs-Inman Building, Louisville.

Meanwhile John B. Rodes, Bowling Green, president of the Kentucky Bar Association, called upon local associations to name committees to give free legal services and information to registrants on October 16.

HOSPITAL NEWS

Mrs. Arville Brundrige is improving. Tommy Shepard is slightly improved. Chesley Westbrook is better today.

LATTA FUNERAL TO BE TOMORROW

Funeral services for A. B. Latta, brother of Herbert Latta of this city, will be held tomorrow afternoon at 2:30 at the Hornbeak funeral home, with Rev. W. H. Saxon in charge. Burial will be at Fairview.

Mrs. Latta passed away Tuesday night at his home in Tallahassee, Fla. The remains will arrive in Fulton tonight at 8 o'clock and the body will lie in state at the funeral home.

The difference between the two cases appeared to be that Guardsmen elect voluntarily to serve in a branch of the Nation's armed forces, whereas many trainees may be drawn into service involuntarily.

Senator Gibson asserted it would be a "very dangerous precedent" if men inducted into the Army against their will "were practically threatened with jail if they forgot they were no longer free men" and took an active part in politics.

He said he hoped the Guard ruling was a mistake, or if not, that Congress would see "that this situation is corrected."

Sensors Vandenberg (R., Mich.) and Connally (D., Tenn.) both questioned the right of the Civil Service Commission to fix regulations governing Army personnel. Connally made an exception of civil service employees who were returned to their jobs after discharge of military service.

FULGHAM NEWS

By Miss Docie Jones

"Yesterday" and "today," two group numbers in costume, will be seen on the Fulgham stage Friday morning, October 4, at our annual school fair and community program.

Parents, grandparents, great-grandparents and at least one great-grandmother will don the typical costumes of "other days" and entertain the audience for ten minutes with the type of singing heard in our yesteryear, directed by Prof. Robert Mullens of Mayfield. The women, all under 85, will hunt up or borrow the long full skirts, tight basques and little hats, while the men grow, buy, or acquire in some way, the mustaches, side-burns, beard and chin whiskers that go with the frock-tail coat and celluloid collar.

Characters from Mayfield, Fulton, Clinton, Shiloh, Beclerton and Fulgham will participate. Remember these are not just characters but people who know music and know how to sing it.

Mr. C. L. Gardner of Fulton, also a singer, will make a picture of the group which will appear in the Hickman County Gazette. Thanks to Messrs. Gardner and Editor Harry Lee Waterfield.

Following the above number, Mrs. E. J. Bennett's high school chorus will render the modern version of music. Other school numbers will be a grade chorus of 65 voices, a rhythm band by the little tots, costumed Japanese chorus by 3rd and 4th grades, and "Pinocchio in Person" will be presented by the 5th and 6th grade rooms.

"Talent Night," beginning at 7:30 o'clock, will be open to any con-

testant. Prizes ranging from 25 cents to \$5.00 will be awarded. At 2:00 o'clock a soft-ball game is scheduled between Central High and the local team. Not sure yet who the entertaining speaker will be for the day's program. The P. T. A. will serve plate lunches with a choice of two meats or those famous red hot hamburgers at any time.

Rambling
The driest fall an 80 year old man (W. M. Watts) remembers dates back to 1893 when Grover Cleveland ran for president. A big two-day rain followed the Democratic victory.

A "powerful rain" fell September 19 but it was 55 years ago on J. W. Stroud's birthday. Last week he celebrated his 68th birth anniversary, his 46th wedding anniversary (September 20, but bought his license the 19th) and his 48th church membership anniversary, having joined at Mt. Pleasant September 19, 1892. These two "older boys," with W. B. Euge, Clay Parrott, Y. E. Burkett and others, are brushing up the old suits of their wedding days to wear at the school fair October 4.

Uncle Dove Humphreys celebrates his 89th birthday Sunday, September 29. Freeman Bone is putting in a new furnace.

John Johns went to Edgelyville Saturday and—he came back!

Clarence Lee Jackson reports work in Los Angeles and James Kell has employment in Detroit.

50% of our long distance calls went to the Bushart Clinic at Fulton this month. Betty Joe Hanners, a 5th grader, is proud of the blue ribbon pinned on her sewing dress at the West Kentucky Fair at Paducah last week.

Glad to know that W. F. Hasey, who was patient in a hospital at Detroit, has returned to his home near Water Valley.

S. S. attendance at Mt. Pleasant was 93, at Salem 50.

Here's good news—The W. P. A. road from the Claud Pillow corner to the Charley Myrick corner, is

being graveled. Tuesday a. m. and it looks like we might get that long wanted and needed rain. Here's hoping.

FAREWELL PARTY FOR
DR. AND MRS. HAWKINS

A farewell party, honoring Dr. and Mrs. Don P. Hawkins and their two children, Don Paul and Sandra Lee, was given last night by members of the First Christian church and friends. The party was in the form of a supper and well-planned program, in charge of Mayor D. A. Rogers, an elder of the church.

The women of the church served a bountiful dinner, the tables being attractively decorated with fall flowers and a pretty color scheme. Members of the various churches mingled with the Christian members at the party and ad-

ded their best wishes with the local congregation to the departing minister and his family, who are leaving Tuesday of next week for Dyersburg, Dr. Hawkins having accepted the ministry of the First Christian Church there.

Mr. Rogers, in the opening remarks, paid tribute to Dr. Hawkins and his work in the church and community. B. B. Alexander, president of the church board, presided at the devotional services, and also complimented the departing minister on his spirit of cooperation. Mrs. Lon Berninger spoke for the Woman's Council, which was reorganized since Dr. Hawkins came to the local church, and told of the splendid progress it has made with Dr. Hawkins' assistance. Mrs. Charles Murphy, president of the Council, and Mrs. G. K. Underwood, former president, also spoke briefly.

The principal address of the evening was given by Jes N. Nichols of Fulton, active in community life. Mr. Nichols said in part:

"It will be hard, indeed, for Fulton to fill Dr. Hawkins' place. He has not only been a great church worker but one interested in every worthy enterprise of the city. His work with the community chest, his valuable help to the poor of this community, his leadership in various worth-while enterprises have meant so much to the city and have endeared him to not only the people of this church but to the entire district. He and his family leave Fulton with the love and best wishes of one and all."

Dr. Hawkins, in responding, complimented the people of the church and community for their splendid cooperation and gave a cordial invitation to the people of Fulton to visit them often in their new location. Mrs. Hawkins also spoke briefly.

The program closed with the singing of "God Be With You," with Mrs. Lon Berninger at the piano and leading the singing.

FULGHAM NEWS

By Miss Docie Jones

"Yesterday" and "today," two group numbers in costume, will be seen on the Fulgham stage Friday morning, October 4, at our annual school fair and community program.

Parents, grandparents, great-grandparents and at least one great-grandmother will don the typical costumes of "other days" and entertain the audience for ten minutes with the type of singing heard in our yesterday, directed by Prof. Robert Mullens of Mayfield. The women, all under 85, will hunt up or borrow the long full skirts, tight basques and little hats, while the men grow, buy, or acquire in some way, the mustaches, side-burns, beard and chin whiskers that go with the frock-tail coat and celluloid collar.

Characters from Mayfield, Fulton, Clinton, Shiloh, Beclerton and Fulgham will participate. Remember these are not just characters but people who know music and know how to sing it.

Mr. C. L. Gardner of Fulton, also a singer, will make a picture of the group which will appear in the Hickman County Gazette. Thanks to Messrs. Gardner and Editor Harry Lee Waterfield.

Following the above number, Mrs. E. J. Bennett's high school chorus will render the modern version of music. Other school numbers will be a grade chorus of 65 voices, a rhythm band by the little tots, costumed Japanese chorus by 3rd and 4th grades, and "Pinocchio in Person" will be presented by the 5th and 6th grade rooms.

"Talent Night," beginning at 7:30 o'clock, will be open to any con-

testant. Prizes ranging from 25 cents to \$5.00 will be awarded. At 2:00 o'clock a soft-ball game is scheduled between Central High and the local team. Not sure yet who the entertaining speaker will be for the day's program. The P. T. A. will serve plate lunches with a choice of two meats or those famous red hot hamburgers at any time.

Former Pastor In Pulpit

Rev. H. M. Southard of Covington, Tenn., former pastor of the East Clinton Circuit in 1936 and 37, will preach at Mt. Pleasant Sunday, September 29, at 11 a. m. and at Friendship Saturday night.

The credit for building Mt. Pleasant, in a large measure, goes to him and we're happy to have him with us again. The public is cordially invited to attend both services.

REVIVAL

Rev. H. M. Southard of Wingo will begin a week or ten-day revival at Bethel the first Sunday in October. Rev. Wayne Gardner of Arlington will assist as choir leader.

P. T. A.

Fulgham P. T. A. met in a busy session Thursday night following a program given by Misses Dorothy and Adelaide Wry, Frances Walker, Jean Hicks, Martha Nell Crooks, Brownie Walker, Vadene Hopkins and Doris House and Grover Burkett, Dennis Burkett and Joe House. Plans were made for the school fair and community day and committees were appointed for the various departments and exhibits, including agriculture, canned goods, culinary, needlecraft, antiques, etc.

Students In Hospital

Miss Frances Armbruster, daughter of Mr. and Mrs. E. E. Armbruster, and a junior in F. H. S., is in the Fuller-Gilliam Hospital, quite ill of pneumonia. Her mother has been attending her bedside since Saturday night, when she was admitted for treatment.

Four Babies

And all four born in three days, September 18, 19 and 20.

Mr. and Mrs. George McKinney (Louise Humphreys) are the parents of a daughter, Donna Jean, born September 18 at the Dunn Hospital in Arlington.

Gerald Moss arrived at the home of Mr. and Mrs. Arthur Dean on September 19.

Mr. and Mrs. Claude Burgess (Mary Cunningham) are the parents of a son, Jimmy Darryl, born September 19 at midnight.

Mr. and Mrs. J. P. Suggs are announcing the arrival of a son, born September 20 at the Arlington Hospital.

All reported doing nicely.

Attends Fair

Mr. and Mrs. Will Pharis and daughter, Edna, and Mr. and Mrs. Bill Pharis attended the West Kentucky Fair at Paducah Wednesday and Friday.

Detroit Visitors

Mr. and Mrs. Wayne Pillow and two children of Detroit are here for a week's visit with her parents, Mr. and Mrs. G. W. Nicholas and with his mother, Mrs. Daisy Pillow, at Beclerton.

Personals

John A. Moore who has been ill of pneumonia and strep. throat, is improving.

George Bruce is unimproved. Mr. and Mrs. Mitt Jackson of Fulton spent the week-end here with relatives.

Mac Watts, Udell Kell, Hazel O'Neal, Bill Watts and James Kell are in Detroit seeking employment.

Mr. and Mrs. Coleman Puckett and children of Detroit spent the week-end here with his parents, Mr. and Mrs. Jim Puckett.

Mrs. Cora Trent of Detroit is visiting Mrs. Sallis Moore.

Rambling

The dryest fall an 80 year old man (W. M. Watts) remembers dates back to 1893 when Grover Cleveland ran for president. A big two-day rain followed the Democratic victory. A "powerful rain" fell September 19 but it was 55 years ago on J. W. Stroud's birthday. Last week he celebrated his 68th birth anniversary, his 46th wedding anniversary (September 20, but bought his license the 19th) and his 48th church membership anniversary, having joined at Mt. Pleasant September 19, 1892. These two "older boys" with W. B. Eugg, Clay Parrott, Y. E. Burkett and others, are brushing up the old suits of their wedding days to wear at the school fair October 4. Uncle Dave Humphreys celebrates his 89th birthday Sunday, September 29. Freeman Bone is putting in a new furnace.

John Johns went to Edgville Saturday and—he came back! Clarence Lee Jackson reports work in Los Angeles and James Kell has employment in Detroit. 53% of our long distance calls went to the Bushart Clinic at Fulton this month. Betty Joe Hanners, a 5th grader, is proud of the blue ribbon pinned on her sewing (a dress) at the West Kentucky Fair at Paducah last week. Glad to know that W. F. Hasey, who was a patient in a hospital at Detroit, has returned to his home near White Valley. S. S. attendance at Mt. Pleasant was 93, at Salem 50. Here's good news—The W. P. A. road from the Claud Pillow corner to the Charley Myrick corner, is

being graveled. Tuesday a. m. and it looks like we might get that long wanted and needed rain. Here's hoping.

Cayce News

Mrs. Damon Vick and Mrs. Louis Seacree spent Thursday with Mrs. John Jones.

Advices Indicate Japan May Join Germany Against British

New York, —Japan, with a navy that dominates Far Eastern waters and one of the world's mightiest armies, soon may abandon her role of non-belligerent friend of the axis powers to proclaim herself their ally.

Trustworthy advices received by The Associated Press in New York say that a special mission sent by Adolf Hitler to Tokyo has been successful and that an announcement of Japan's new role in the rapidly spreading conflict is expected soon. Accumulating evidence of closer cooperation between the United States and Britain has spurred action on the project for a Japanese-German-Italian alliance, these advices say.

New Base For U. S.? Japanese advocates of such a

pact have had their hands strengthened by reports, widely current but unconfirmed, that Britain soon may place her great Singapore base, dominating the cross roads between Occident and Orient, at the disposition of the United States Navy.

Action to forestall such a contingency has been urged by military men in Japan. In Berlin it is ad-

mitted that efforts have been made to draw Japan into the Axis alliance as a counterbalance to growing United States-British cooperation.

A German envoy, Max Sthamer, specialist on Far Eastern affairs, confidential aide of Foreign Minister Joachim von Ribbentrop and a relative of the late Dr. Friedrich Sthamer, one-time ambassador to London, reached Tokyo early this month.

Announcing the big NEW FORD 1941 FORD

In some years, some cars take a big jump ahead. *The Ford does that for 1941.*

It has jumped ahead in size. It's the *biggest Ford* we've ever built, *inside and out. It's wider. It has a longer wheelbase.* Its seating room is *wider* by as much as 7 inches. It has *new wide doors* and *semi-concealed running boards.*

You'll notice also a new beauty, achieved by a skillful blending of mass with *longer flowing lines. Larger windshield and windows* give better vision all around.

One of its biggest advantages is the *new soft ride.*

New, slower-action springs give a slow, gentle, gliding movement. A *newly designed stabilizer* helps absorb road shocks, and maintains balance on sharp curves and in cross winds.

More rapid acceleration to match its familiar speed and power makes this new Ford an even livelier car to drive.

These are only a few of this new car's outstanding features. It represents all the rich experience gained in building more than 28 million motor cars.

Any Ford dealer can give you many good reasons for making this your 1941 car.
